

Our Vision, Values and Aims:

Our Vision:

At Uplawmoor Primary, we strive to create a nurturing school community where everyone is included and respected. We want to inspire a love of learning and empower everyone to make changes to improve their lives and the lives of others, ensuring that we all make a difference.

Our Values:

Inclusive
Nurturing
Supportive
Positive
Independent
Rights Respecting
Encouraging

Our Aims:

At Uplawmoor Primary, we aim to:

- create a school where the whole school community is learning
- provide a safe, motivating environment where our children are independent in and take responsibility for their own learning
- Meet the needs of all of our children, promoting equality and equity of opportunities
- Equip our children with knowledge and skills preparing them for learning, life and work
- Support our children and their families educationally, emotionally and socially
- Empower the whole school community to be actively involved in the life of the school and the decision making process to ensure continuous improvement

Priority 1: To create a learning and leadership culture across the school

Target: To improve outcomes for learners through improvements in learning, teaching and moderation approaches

- Our teaching staff will undertake leadership roles to improve learning and teaching across a number of curricular areas
- They will also engage in collaborative enquiry to improve attitudes, skills and habits of teachers and learners which will lead to a clear understanding of progress
- Our children will have increased confidence in leading their own learning and have a clearer understanding of themselves as learners

Priority 2: To improve outcomes for learners through improvements in learning and teaching approaches

Target 1: To develop the curriculum to increase opportunities to develop skills for learning, life and work through STEAM and Career Education

- Our school vision for learning in Science will be embedded in our teaching through the 5 types of enquiry
- Our children will engage in high quality, safe STEAM activities
- Our whole school community will have a clearer understanding of Science Capital
- There will be a clearer understanding of enquiry based teaching of STEAM in the outdoors and in creating STEAM rich learning environments

Target 2: To provide learners with consistent experience of language learning

- Our children will engage in high quality, progressive learning in Modern Languages
- Staff will have increased confidence in teaching aspects of the Modern Languages curriculum

Target 3: To create and implement our plan for quality family learning experiences

- We will have an increased number of parents working in partnership with their child's teacher to support their learning
- Our families will be more confident to support their child's learning

Priority 3: To improve outcomes for learners through wellbeing, equality and inclusion

Target: To improve outcomes for learners through ensuring wellbeing, equality and inclusion

- Our outdoor learning programme will be used to develop key curricular areas and skills for learning, life and work
- We will have a robust mechanism for identifying and tracking the individual needs of our children and as a result appropriate and timely supports will be put in place
- Targeted support will result in progress for our identified learners
- Nurturing principles will be integral to our teaching, learning and assessment approaches
