Dear Parent/Carer

### **MATHEMATICS COMMON METHODOLOGY SESSION**

As you will be aware from the calendar of school events, we are holding a session on common methodology within mathematics, taking place on Wednesday 18 September. The event will begin at 7.00pm and will last approximately one and a half hours.

The purpose of the evening is to highlight numeracy-based skills and the methodology used to deliver these within the classroom. The session has been designed to coincide with Maths Week Scotland, a government initiative to promote and celebrate maths and its importance in our daily lives.

This event is aimed at parents only and it is not my intention that pupils attend. I hope that you will find the evening beneficial and enjoyable and I look forward to seeing you there.

If you wish to attend, please complete the tear-off slip below indicating the number of people attending and ask your child to return it to the school office by Friday 13 September.

Yours faithfully

Mr Ryan McAllister  
 Principal Teacher of Mathematics and Numeracy
