

We're Going to go to School Soon....

Emotional Resilience

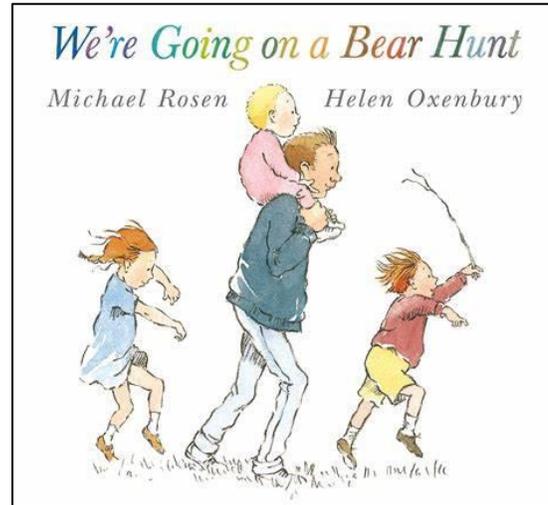

What do we know about school now?

Revisit the list of what your child knows about school and add anything else they have found out during their visit. Have their questions been answered? Do they have any new questions? You might like to Tweet or email your questions.

What makes a good friend?

Draw around your child (or a doll/teddy) talk about what makes a good friend and write on the outline – you might include things such as smiles, says hello, listens, asks if someone wants to play, shares toys.

Week six- A Teddy Bear's Picnic! Then relax!

Literacy

A recap of the story

What is the title of the book?

What does the front cover of the book tell you about the story?

What new words did you learn?

What happened at the beginning of the story?

Tell me about the grass/mud/cave etc

Was there anything in the story that surprised you?

What's your favourite picture in the book? Why?

Did you like reading this book? Why/Why not?

Do you think they will go on another adventure?

What do you think that would be like?

Expressive Arts

Bear Pancake Art

Use your creative skills to create your own pancake bears to take on a picnic. Make or buy some pancakes. Cut them into shapes to make bears. Use different fruit to design their features. The best part you get to eat the designs when you are finished.

Numeracy and maths

Shape

Can you make a bear incorporating the following shapes – circle, square, triangle, rectangle, star, love heart, diamond and oval?

You could draw a picture with pens and paper, or make a collage by cutting and sticking – perhaps you can use your picture to make a place mat for your picnic- pop it in a poly-pocket to protect it.

Why not try building a model out of junk but don't forget to include the shapes!

Physical and Gross Motor Skills

Relaxation

We're Going on a Bear Hunt / A Cosmic Kids Yoga Adventure

<https://www.youtube.com/watch?v=KAT5NiWHFIU>

Yoga enhances flexibility, strength, coordination and body awareness. It improves concentration, a sense of calmness and relaxation.
