SCHOOL NEWS

- I hope you all enjoyed our recent good weather and were able to play outside.
- The teachers have put lots of interesting work on Google Classrooms. I have a wee look every day to see how you're getting on, its great to see your comments
- If you have any problems with Google Classrooms please email me: schoolmail@crossarthurle.e-Renfrew.sch.uk

Learning at home

As we do this more it can become difficult to motivate ourselves. Please be kind to your grown-ups, they are working really hard just now.. Maybe give them an extra hug today.. (even if you're in P7)

- ✓ Try to do some school work each day
- ✓ Have fun with your learning
- ✓ Don't stay on-line all day, read a book, daydream, make a card or write a letter to someone you are missing
- ✓ take breaks and don't sit down for too long
- ✓ Get exercise and fresh air

#XAcolourhunt

Thanks so much to everyone who has joined in with the colour hunt to create our Cross Arthurlie **Rainbow**.

Each week, working through the colours of the rainbow, we put something new (teddy, toy, picture or inspirational message) in windows sharing the idea with friends and families to show us how connected we are.

When we're out walking we hunt for our Cross Arthurlie colour of the week.

I know that some people have even started a rainbow on the school gates. I'm looking forward to seeing it today as I am in Barrhead at the Hub. I've heard it looks lovely.

#XAcolourhunt

- Remember to count the items and you (or a grown up) could take pictures and post them on your Google Classroom or the school Twitter page @crossarthurle using the hashtag #XAcolourhunt
- Today until next Wednesday is week 2 and the colour of the week is **yellow**

Happy hunting

HOUSES

- One of the (many) things I miss about not being in school is every Wednesday we share the House Points.
- I don't want to do house points for working on-line at the moment as I think that would be a bit stressful for families
- Every member of staff (except me) is in a house and I thought we could have staff earn points. We are having a quiz one evening this week and whoever wins that will get points for their house.
- Also I'm going to grow some 'house sunflowers' ... keep reading to find out more....

A YELLOW 'HOUSE' COMPETITION

- One of the things I've enjoyed doing during lockdown is growing plants from seeds.... Some have worked and others not but it has been fun, maybe you've been growing things too ?
- Sunflowers grow really tall and I have planted some seeds and I'm interested to see which ones grow and which don't.... And it gave me an idea.

'HOUSE' COMPETITION

- I'm going to name 12 of my sunflowers after the 4 houses and see which house sunflower grows the tallest. Every week I'll measure them and the tallest from each house will get points
- If you are able to join in you too could plant a seed and measure the growth and email me a picture or let me know the height. If it is the tallest, or prettiest or has grown the most you could earn a bonus point for your house.
- It will take a wee while to grow, so be patient

SINGING

Fischy Music who write many of the songs we sing at assembly have created their own weekly assemblies which go out on Youtube. If you follow this link you can see their first one.

They sing a lot of songs that we know and love, the clip is for about half an hour so I've left it to the end of assembly this week.
