

# Hillview Primary School Primary 7 -Term 1 Newsletter

It is lovely to see all of our Primary 7 pupils back after the holidays. We are really impressed by how smart they are all looking and by the positive role models that they are proving themselves to be. We hope that they can keep this up and look forward to a year of high expectations and opportunities to try new experiences. The class teachers this year will be Mrs Capuano (Monday, Tuesday and alternate Wednesdays) and Mrs Gardner - (Alternate Wednesdays, Thursday and Friday). The class are also pleased to have Mr Stevenson for PE. Please contact us if you have any questions or issues.

**LITERACY** - This term we will be concentrating on our reading considering the skills that we need before, during and after reading. We will focus on finding the information in the passage and reading a variety of texts. We will be looking at imaginative writing and will also focus our writing on global issues in connection with the COP26.

**NUMERACY** - We continue to focus on our mental maths skills (any revision of multiplication tables at home would be helpful). We will also consider word problems and operations.

**SCIENCE AND SOCIAL STUDIES** - These areas will be connected with Science considering renewable energy and our Social Studies looking at comparing and contrasting Scotland and Malawi. This will also interlink other subject areas such as expressive arts, RME and technologies.

## BEING READY.

PE will take place on a Wednesday afternoon and the pupils are expected to have PE kit on this day. They should have trainers, shorts or joggers and a suitable polo shirt or top.

All pupils are encouraged to drink water in class and should bring a water bottle every day.

Outdoor learning will take place daily - please make sure your child has suitable clothing (shoes and a jacket).
