<p>Bounce Back</p> 	<p>We have been discussing being honest and being fair as part of our Bounce Back program. The next core value is being responsible.</p> <p>Being responsible means not letting people down, and doing what you said you would do without having to be told or reminded. It also means:</p> <ul style="list-style-type: none"> • Doing the jobs that are your responsibility • Being punctual so that you don't upset other people's plans • Making sure you have what you need to do your schoolwork and homework • Being sensible so that you don't cause problems for other people • Helping those who need it 		

	<p>Throughout the week, keep a personal reflective journal about ways in which you being responsible/irresponsible has had an impact on another person and/or on yourself. This will be personal to you and you will not be asked to share your reflections but you should think about your actions throughout the week. You may wish to discuss with an adult at home how you can be trusted with more responsibilities as you get older.</p>
