For homework, I would like you to research where we can purchase items for our 'Wild Winter Workshop' at the best (cheapest) price!

We will be making a number of items to sell to our family and the proceeds will be going to a charity of our choice.

Try to look in stores and if you have access to the internet, please also look at on-line shops.
Below is a list of some items we might require -
KitKats, chocolate coins, candy canes, plain gift tags, ribbon, large marshmallows, small marshmallows, smarties, chocolate Santa, small glass jars with lids, fake snow, foam shapes or foam stickers of characters (e.g. penguin/snowman/Santa), clear plastic fillable baubles, slime activator.

I have given you an example below to illustrate what I am looking for.
