Dear James,

How are you? I've been really busy since your last letter. We have to work really hard at home for school by logging into Seesaw every day.

Despite this, I did manage to play fortnite online last night with my friends. It was nice to catch up and have a laugh together.

Also, I have had time to start learning the guitar and I can already play a song.

Anyway, my dad is calling my through for lunch. Speak to you soon. Please write back.

Love from Ibrahim
