

Skill

- Play some games on Sumdog to test your skills.
- Try the Traffic Lights game:

How do you play?

- Traffic Lights is for two players.
- It uses a 3x3 squared board. At the start of the game the board is empty.
- Counters: the game needs about 6 red counters, 6 orange, and 6 green. (if you don't have counters use coloured pens and drawing circles concentrically as in the picture.
- The players take turns to play.

When it is your turn to play you must either:

- place a red counter in an empty square, or
- replace a red counter already on the board with an orange one / draw an orange circle around a red circle or
- replace an orange counter already on the board with a green one / draw a green circle around an orange circle.
- You win by completing a line (row, column, or diagonal) of three counters all the same colour. (it doesn't matter who placed the first colour(s) in the line - it's the third colour of the line which determines the winner.)

Literacy and  
English

## Skill - Spelling & Writing

1) Practice the **les**, **ful** and **ly** words listed below by drawing them; try bubble writing, graffiti writing, painting, rainbow writing or a different way:

**weekly, kindly, likely, friendly, wishful, hopeful, painful, forgetful, careless, homeless, speechless, fearless**

2) Write a report arguing whether or not you think everyone should wear masks when in public. Use the Newsround link below to read about all the reasons for / against wearing masks to protect against the coronavirus, choose one point of view; either for or against. Use the report features document to remind yourself of some features of a non-chronological report.

Success Criteria:

- Pick 2-4 reasons to support your argument
- Use formal language
- Include a picture or diagram
