Health and Wellbeing-Bounceback-#Its Important to be Kind
Listen to the song 'Fill your bucket song' from YOUTUBE
Perform your own acts of kindness i.e. phone a grandparent/neighbour, help with jobs in the house, help a sibling with homework or playing a game together.
Find a bucket (could be a digital bucket) and write about your acts of kinds and place them in the bucket. **(This task is to be completed over one week)**. We look forward to seeing some photos of full buckets next week.

Science- The Water Cycle
If you can print out the Water Cycle sheet, label the different stages of the water cycle. If you don't have access to a printer, why not have a go at drawing the water cycle, including labels.
If you need a few clues, use the help sheet.

Skills to develop this week

Make your bed each day this week, if you have a little brother / sister perhaps you could help to make their bed too.
