**Handwriting-** Practise joining to the letter i -

Write out the words below in your best handwriting.

*Chilly, chillier, chilliest, rain, rainier, rainiest, silly, sillier, silliest, muddier, sunnier, funnier*

Can you write a sentence/sentences using as many words as possible-

*The sunnier and rainier the better as it makes a silly rainbow.*

Remember this is a handwriting task, so join up your writing in the sentences. Try to make the tall letters touch the top line and all the other letters should be the same size.

**Bounce Back Lesson-** Life has ups and downs but you can bounce back

1. Read the poem *The Wrong Start* and watch the short film *Boundin'* Pixar Short film.

<https://www.youtube.com/watch?v=7WyR4AqRweY>

2. Discuss with an adult-

In the film or poem, give an example of an 'up' part of a day and a 'down' part of a day.

- It is normal to have ups and downs in our life
- For most of us life is pretty good, but it can be challenging and difficult at times.
- Sometimes your unhelpful thinking makes you feel more upset. By changing your unhelpful thinking to helpful thinking, you feel better and cope better with the setback.
- You can bounceback from difficult times if you try.

3. Activity (Optional)- Make a **paper spring toy**- When you are finding things hard you can play with it to help you bounce back again

Follow the instruction on Youtube-<https://www.youtube.com/watch?v=bA4TbXDZBtg>

4. Listen to the Bounce Back song-<https://www.youtube.com/watch?v=5NpFgYfvAl8>

<p>Other Curricular Areas</p>	<p>Science- <u>Plants- Lesson 2 Cress heads</u> (If you don't have any cress seeds you could draw a picture instead to go with my instructions- labelling the key features)  Cress heads is an easy way to grow plants and get creative with an indoor herb garden. It's also the fastest growing herb that will be ready to enjoy in just 10 days! So, let's get started: on your very own kids garden</p> <ul style="list-style-type: none"> <li>• Decorate empty yoghurt pots or egg shells (the head) using paints. You could paint a funny face on the eggshell or yoghurt pot, so that when the cress grows, it looks like silly green hair.</li> <li>• Once your faces are ready, wet some kitchen roll and place it in the bottom of your head (then wet some cotton wool and place on top of the kitchen roll. Leave a 3 cm gap between the cotton wool and the top of the eggshell or pot.</li> <li>• Sprinkle a teaspoon of cress seeds onto the wet cotton wool and press them down gently with your finger.</li> <li>• Place the cress heads in a warm, light place, like on the windowsill, and wait for your seeds to grown into tiny, delicious bushes of cress!</li> </ul>
<p>Skills to develop this week</p>	<p>Help you out with the dusting this week. Ask an adult, which area of the house you could help with.</p>
