23 At the toyshop

There are 9 tricycles and 2 go-carts, or
4 tricycles and 5 go-carts.

24 Ben's numbers

There are 16 different numbers in Ben's
list:

5, 14, 23, 32, 41, 113, 122, 131, 212,
221, 311, 1112, 1121, 1211, 2111, 11111.

What if the digits add up to 4, or if they
add up to 6? How many different numbers
are there now?
