RECORD-BREAKING BUBBLES

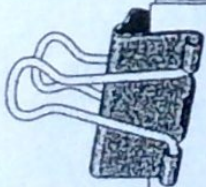

People hold records for the strangest things! For instance, a girl called Susan Williams holds the record for 1 the largest bubble-gum bubble. It was nearly 70 cm in diameter. 2 what a mess it made when it burst!

Other people have also puffed their way to world records. Some students in the Netherlands set a record by combining their lung capacity with their 3 ability. They used 25,344 inflated balloons to imitate a famous Van Gogh painting of fishing boats on a beach.

Alan McKay made the record books for making a huge 4 bubble. He used an especially large bubble wand, lots of dishwashing liquid and glycerine. His soap bubble was a 5 222 metres across.

Have you got any ideas for a world record?
