**Balancing**

Practise balancing on different body parts. How many balances can you create? Can you hold each for 5 seconds without wobbling? You could try balancing on one leg. Or only on your bottom (lift your arms and legs so you're in a V position). Or only on your stomach by lifting your arms and legs off the ground.

Ask an adult if you can help with preparing the meals this week. Can you help make sandwiches? Can you wash the fruit and vegetables? Always as an adult for permission before working in the kitchen.
