

World Map/Host Cities Activity

These are the host cities from 2000 – 2028.

LA 2028

PARIS 2024

TOKYO 2020

RIO 2016

LONDON 2012

BEIJING 2008

ATHENS 2004

SYDNEY 2000

Look up each city on Google Maps. Work out which country each city is in first and what its rough location is. Then see if you can find that rough location on the world map and mark it on the map.

Challenge: can you find out what language is spoken in that country? Can you find out how to say hello in that language...some will be easier than others!
