For the next few days I will share a link to somewhere pretty exciting and give you a little follow up task to complete. Today we are travelling to Legoland in Florida <a href="https://www.visitorlando.com/en/things-to-do/virtual-tours/legoland-florida-resort">https://www.visitorlando.com/en/things-to-do/virtual-tours/legoland-florida-resort</a> Here you will be able to explore the park and take a virtual ride on a rollercoaster! Can you use lego or any other materials you may have to create a theme park ride? If you can, take a picture to show me 😊</p>
