

Grid Reference Game Set Instructions

Setting the game up

Make sure you and your partner have boards with the same game number. Shuffle the grid reference cards and place face down in a pile on the table.

How to play

With your partner, take it in turns to pick up and turn over a grid reference card. Read out the grid reference and then place a square card of your colour on the square **if** there is an object in it. If the square has a free turn star in it you get a free turn, but don't put a coloured card down.

Carry on until all of the grid reference cards have been used. The winner is the player who has placed the most coloured cards on the grid by the end of the round.
