

P3c Homework

Monday 27th January 2020
Homework due 7th February 2020

Curriculum Area	Activity	Traffic Light 
Literacy	<p>Project homework - over 2 weeks.</p> <p>Prepare a solo talk.</p> <p>Over the next two weeks I'd like you to prepare a solo talk about something you are interested in. This could be a hobby, a particular animal or even a place.</p> <p>You should include detail about why you have decided to speak about this subject and as much interesting information as you can. You should try to talk to the class for about 1 - 2 minutes. You may use a powerpoint or props to help you with your solo talk.</p> <p>Be prepared to answer questions from your audience too.</p> <p>Good luck 😊 I'm looking forward to hearing your talk.</p> <p>Please continue to practise your sound and common words.</p>	Numeracy 
Numeracy and Mathematics	<p>Whilst there is no 'set' maths homework over the next two weeks, it is always beneficial to keep skills sharp. Here is what we are currently working on in class. We have attached some example worksheets which you may wish to use.</p> <p>We have also assigned suitable questions as challenges on Sumdog which helps revise and improve mental math skills.</p> <p>Cones – addition with carrying eg $34 + 27$ (setting calculations out vertically)</p> <p>Spheres – division by 2, 3 and 5 using step layout</p> <p>Cuboids – addition and subtraction with carrying</p>
