

Curricular Areas

Tasks

Numeracy and Maths

Sorting 3D shapes Seesaw activity.

3D shapes properties worksheet.

Complete the Who am I? activity and then come up with some of your own for someone else to figure out.

Extension:

Log in to Sumdog and complete the challenge which has been set for you.

You may wish to also complete another task from the 3D shape grid.

Literacy and English

Re-read chapter 3 of Flat Stanley and answer the questions which have been posted under the activities tab.

Science – Living Things

In Science this term we are going to be learning about living things in our environment. Today, we are going to look at the 'Lirpaloof bird' which is a very rare bird in Scotland. However, we are very lucky because during this time the 'Lirpaloof bird' starts to migrate in our area. Read the short passage, which is in the activities section, to find out more facts about it and then go out in to your garden or look out of the window to see if you can spot it. Read the passage carefully to figure out how to call for the bird as they do get easily frightened and remember to send in photos and videos. I spotted one yesterday morning but it flew away before I could take a picture ☹️ Hope you have better luck than me.

Home Photo Challenge - photograph something that fits for each day in April. Remember to share the pictures on the Seesaw. The grid is on both Seesaw and the Blog.

Other Curricular Areas

Health and wellbeing

This week, it is your turn to set a task for me! You can:

- Set me a challenge.
- Ask me a question.
- Get me to solve a riddle.

It is totally up to you 😊 Have fun!

Spelling/phonics revision

Rule: wr

Choose some active spelling strategies from the sheet to help you practise your spelling words.

Words: write wrist wrote wrong wrinkle wren wreck wrap written

Common words:
gave family how might

Skills Development

Help set the table for dinner each evening.
