

Curricular Area	Tasks																																																																
<p>Numeracy & Mathematics</p>	<p>Main Activity:</p> <ul style="list-style-type: none"> • Today we're focusing on associating familiar events to certain months of the year. • On Seesaw click on your activity 'Calendar 3 - Creating My Own Calendar'. Here you are going to create your own calendar for the year ahead by adding in key dates & holidays e.g. New Year, Olympics, family birthdays etc. • Check out this link for lots of different events that you could add to your own calendar: https://www.teachingideas.co.uk/events 																																																																
<p>Languages</p>	<p>Writing - Imaginative</p> <p>Watch the clip The Way Back Home: https://www.literacyshed.com/thewaybackhome.html</p> <p>Think about the conversation that takes place between the boy and the alien. We don't know what they are saying but I think you could imagine what they are saying to each other. Write down their conversation remembering to use capital letters, full stops, finger spaces and think about any description you could add. You could describe the planet, the alien and how bad the problem is they are facing. You might like to ask a question too. Remember to use a question mark. (See attached sheet for an idea of layout)</p>
