

Thursday 18th June 2020

Curricular Area	Tasks	Spelling Wor
Numeracy & Mathematics	 <u>Main Activity:</u> This week our focus is on Data Handling (Tally Marks, Pictograms, Bar Charts etc.). Today we're specifically looking at 'Carroll' and 'Venn' Diagrams. Have a look on <u>Seesaw</u> and complete your activities. <u>Interactive Activity:</u> Click on the 'clipboard' icon to practise different ways of showing data: <u>https://www.turtlediary.com/game/charts-and-graphing.html</u> 	Revision
Languages	 Writing We are going to make a comic strip this week. Have a look at The Dennis and Gnasher comic strip and then watch the video on how to make one. <u>https://safeYouTube.net/w/fd7K</u> Remember your story has to be in a sequence - think about what happens next. Use speech bubbles in your comic strip for your characters to have a conversation with each other. There is a choice of template in Seesaw. 	
	Technologies: Computing Science	Common Wor
Other Curricular Areas	 Today we're going to use our Computing Science skills to create our own project using ScratchJr - this can be downloaded on any mobile/tablet device: https://www.scratchjr.org/ Use the skills you've developed to program the different characters. If you've trouble downloading ScratchJr you can try creating your own 'Flappy Birds' game: https://studio.code.org/flappy/1 *If you haven't finished your Code.org work from previous weeks, please finish that first* 	Revision

'PE with Joe': Click here to take part in this morning's 30 minutes of PE.
