

Primary 2c Assembly

Zaynab	Hello and welcome to our assembly.
Callum	Bonjour et bienvenue dans notre assemblée.
Zaynab	Today we're going to share what we've been learning in class.
Callum	Aujourd'hui, nous allons partager, ce que, nous avons appris, en classe.
Zaynab	- Amazing what Google Translate can do
Nayan	In Literacy & English we've taken part in lots of different activities with Mr Edge and each other to improve our reading and spelling.
Rhys	This includes discussing different parts of our books and predicting what we think might happen next.
Alfie	We also take part in lots of different activities to practise our new sounds.
Scarlett	In our writing we have been creating personal pieces and looking at different aspects of stories like setting and character.
Jennifer	We've then used this to create our own stories using Scratch Jr.
Kai	Also we've done writing relating to different

	<p>things that are happening around the world.</p> <p>For example St. Patricks Day:</p>
Gracie	<p>St. Patricks Day, on the 17th March, is the day that people get together to celebrate the quiet dignity of the Irish.</p>
Martha	<p>With it coming up we learned to write our own Limericks.</p>
Matilda	<p>In Numeracy & Maths we have learned about lots of different things including shape, calendar, addition and subtraction, and direction.</p>
Isla	<p>In learning about directions and angles we worked with partners to program the angry birds on the computer to move from one place to another.</p>
Max	<p>We also used adventure maps with instructions to work out where the treasure was buried.</p>
Sophia	<p>Additionally we learned about money, recognising and counting different coins, and giving change within £1.</p>
Zoraiz	<p>All while singing along to different songs – ‘Price Tag’, ‘Money on My Mind’ and ‘I Need a Dollar’.</p>

Eilidh	In Music we've been exploring and using different instruments, and have been learning to sing different songs.
Evie	In Art we've used different materials to create our own 'McCoo' pictures and recently created our own abstract art of two islands in the sea, including the reflection of the trees.
Naryan	In Dance we learned how to do the 'Military Two Step' along to the song 'So What' by Pink. You can ask us to show you later - if you're brave.
Jamie M	In Digital Technologies we have learned to make our own movie trailers using iMovie and a green screen.
Alexander	We've also learned how to search for things on the internet, using URLs and QR codes.
Daniyal	In Social Studies we've been learning about different climates around the world.
Murray	We even used virtual reality to go and explore and see what was different about them.

Avi	In French we've been learning lots of different vocabulary we can use to communicate with each other including greetings, asking each other how we are, colours and numbers to 30.
Jamie T	We've also learned how to ask to go to the bathroom in French: "Es-ce que je peux aller au toilette"
Matilda	In Science we've been learning about the sun, moon and stars, and have been finding out about different senses, for example sight, touch and smell.
William	One of our favourite parts was when we tried to build different things with our eyes shut. It was quite tricky!
Harry	Finally in PE we have been practising different possession games including football and basketball.
Ollie	We've also done some Gymnastics and are currently doing Tennis.
Mailin	In this we've been rolling the ball around our racquet to practise our control,

	doing keepy-ups and doing rallies with each other.
Yusuf	We're now going to sing a song that we've been learning.
Everyone	♪ 'What A Wonderful World' ♪
Zaynab	Thank you for coming to our assembly.
Callum	Au revoir!
