

Welcome to Primary 7

Bonjour!

A very warm welcome to Primary 7. My name is Mrs Wood and I have the pleasure of teaching your children this year. I am very excited about the learning journey your children are about to embark on. I wanted to share some of this with you today.

So far...

We have worked collaboratively to design our own classroom, ensuring it is a positive working environment with dedicated challenge areas. In addition, we have focused on developing a growth mind-set by participating in a variety of learning experiences across the curricular areas.

What's next for P7?

This term, we are reading a fantastic book, *The Nowhere Emporium* by Ross McKenzie. Through this novel, the children will develop a range of literacy skills. We have planned a new project and have conducted our own research; this is in preparation for your child to develop the skills to lead their own projects in the future!

Our PE days will be Wednesday and Friday.
