

Nursery Newsflash!

Donations

We have been so grateful for all your donations of shiny objects and resources. We would really appreciate donations of old electronics for our children to take apart at our “tinkering station” and old pyjamas for our dress up corner. We also still love recycling for our shop and junk models. Thank you!

Halloween

The children are welcome to come to nursery dressed up for Halloween on Friday 29th October. If they would like to think of a joke we would love to hear them!

Ideas for play and learning at home.

- Sensory play, such as water, sand, shaving foam or rice.
- Discussion about things that are and are not safe to put in our mouths.
- Talk about daily routines you have in your home.

Play and Learning

Since we have returned from our October break there have been lots of new things to experience in our nursery. We have been telling stories with shadows on the light box, to help the children explore the ideas of characters and inventing stories. We have been exploring inside of objects at our tinkering station and our craft area had been full of different things to touch and feel as we make models and pictures. This type of sensory play benefits all children.

Lost Property and Learning Journals

Please check our lost property table at drop off and pick up if you are missing any belongings.

Please ensure all learning journals are returned so we can keep adding the wonderful learning the children have been doing.
