

# P2B SEPTEMBER 2022

## Health & Wellbeing

We have really enjoyed our Being Me topic and have taken part in a range of activities, exploring our five senses! We have been learning some impressive moves in gymnastics and have developed our ball skills through participating in team games. We have enjoyed Show and Tell and we are learning to speak in front of an audience with confidence.

## Literacy

We have been learning to write personal and imaginative stories and have enjoyed doing this. We are working to accurately form our letters and to check our writing for punctuation, capital letters and of course...finger spaces! We are looking forward to reading some spooky stories during the month of October!

## Maths & Numeracy

We are revising the days of the week and months of the year, making sure we know them all in the correct order! We have been practicing our Number Talks and have been learning to use a range of hand signals during each talk. We have enjoyed problem solving and will work together to create a bar chart of all our birthdays in the class, working on our data handling knowledge and understanding too!

## RERC

We created some beautiful thank you prayers, thanking God and Jesus for the things we are grateful for. The theme this month being October is Our Lady of Rosary and we will take part in praying the Rosary in the classroom. We will pray to Mary and we have been learning about Mary's role in Jesus's life.
