

Titanic

At the end of our Titanic topic you are going to have the opportunity to create a cabin in a shoe box. This task will be completed in school – Wednesday 21st June 2023. To make this possible, I kindly ask that you bring into class a named shoebox or a similar sized box. If you don't have such a thing at home we can provide spares if required.

You might want to collect some items that you can use to decorate the interior of your cabin, such as materials/fabrics, wallpaper, dolls house furniture, pictures, bits of carpet etc. Remember the resources you will need must be appropriate to the class of cabin that you are

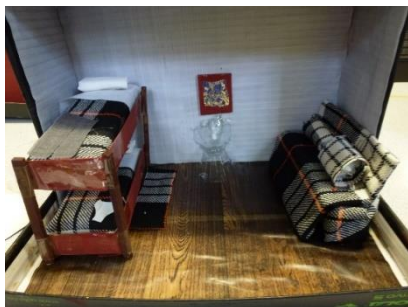

creating. Resources will also be provided in class so don't worry if you do not manage to collect any.

I have included some pictures of shoebox cabins that have been made in the past to help inspire you.

Please bring your box and resources in

before Wednesday 21st June.

Can you guess which class each cabin pictured represents?
