

Netherlee Primary School and Nursery Class

Parent and Child Standards and Quality Report 2022-23

Leadership and Improvement

- Teachers have watched each other teaching and continue to learn from each other.
- The school and the nursery have joined together for lots of learning activities and these have been very helpful experiences.
- Teachers learned more about Dance and Drama to make lessons more entertaining for everyone involved.
- There was a focus on Writing skills across the school and we have used many different resources, including digital, to help us with this.

Quality of Education

- We have updated our Hub and now have a kitchen area. This has been great fun and classes have been cooking up a storm!
- The nursery children have been playing and learning together really well.
- The Young Leaders of Learning visited other schools in our cluster to share improvement information.
- All our P7 pupils were all involved in volunteering roles.

Quality of Care

- We had a celebration for the school's 90th Birthday with staff and pupils, new and old, sharing their stories.
- We had a very busy sports week where parents shared their time and expertise with us.
- Parents were able to join the P7 pupils for a respectful and reflective Remembrance assembly.
- Our music teacher worked regularly with the nursery children and they all had fun with instruments.

Best Possible Outcomes

- Our first Diversity evening was a great success and an opportunity for all the cultures of our school and nursery to work together - fun and music for all.
- We have used the Global Goals to focus on during assemblies.
- We received the Gold Family Focused award for the second time, which lots of parents, staff and children worked on.
