

MEET the TEACHER

SEPTEMBER 2020

Mrs McCluney AND P2a

Primary 2a have settled really well into the new class routine. I am so excited to work with you and your child. It's going to be a year full of fun, learning and lots of adventures. I can't wait to see what this year has in store for us!

Thank you so much for engaging with and continuing to support your child through Google Classroom. I will keep in touch.

"Don't Just Fly, Soar!"

Mrs McCluney

No one is
you.
and that is
your
superpower.

Numeracy

In line with the recovery curriculum, we are busy revising and consolidating previous learning in maths. In term 1 we will continue to participate in weekly number talks to develop our knowledge and understanding of number strategies.

We engage in active mental maths daily and are developing our confidence in recognising and answering a range of problem solving questions. New learning and concepts will also be reinforced weekly. Progress will be continually assessed following our Mental Maths test in class every Friday.

Literacy

There will be a weekly spelling rule which can be learned through a range of activities at home and in school. This will be followed by a spelling test each Friday.

The children are also working hard to 'up level' their sentences by incorporating a range of Vocabulary, Connectives, Openers and Punctuation (VCOP) in their writing. Their efforts have already been amazing!

Reading books continue to be sent home each week after they have been explored together in class.
