

MEET the TEACHER

SEPTEMBER 2020

Miss Morgan AND P4b

Dear Parents and Guardians,

Your children have been working so hard since they have been back at school and have adapted to our new way of life in St. Clare's. They are an amazing little bunch and I am already so impressed with the progress they have made.

If you have any worries or you would just like a little chat, I am always at the door at the end of the day. Thank-you for your support,

Miss Morgan

In class so far...

We are primarily focussing on Maths, Language and Health and Wellbeing to ensure we are recovering the time lost at the end of last term. Extra practise at home is always helpful such as reading, handwriting and revising table facts.

We have already completed our first novel study, *The Twits*, and have been inspired by Pope Francis to look after our common home and learn about climate change.

A great start to Primary 4!!

Our Year Ahead

In primary 4, your child will prepare to make their sacraments of Reconciliation and The Eucharist . Although we can't predict exactly what these celebrations will look like for us, the children continue to express their excitement and they will be fully prepared to take the next steps on their journey with God.

We will continue to revisit concepts to support consolidation in Literacy and Numeracy, as well as progressing with new learning concepts to ensure that your child continues to experience challenge, develop their skills and they can apply their learning to new contexts.

Throughout the year, we hope to focus on a topic of interest which will be the foundation of our Interdisciplinary Learning. We will learn about our chosen topic and learn to develop and adopt new skills across the Curriculum.

ALL YOU NEED IS
Faith, Trust
AND A LITTLE BIT OF
Pixie Dust

This quote sums up the importance of believing in yourself and the places you can go with a little magic.

KEEPING EVERYONE LEARNING SAFELY

- Each morning early entry is from **8.45am** with Mrs Absolom, Callaghan, Mrs Pinna and Mrs Cooper welcoming everyone
- Hand washing in class
- School day starts at **9am sharp** – try to be on time as every learning minute counts!
- Pupils remain in the same seat each day, to maintain social distancing
- At playtime, classes stay in their zone
- Pupils can buy Tuck at playtime or bring a healthy snack
- Children wash their hands regularly throughout the day
- Adults keep 2m apart from children and other adults
