

Google MEET

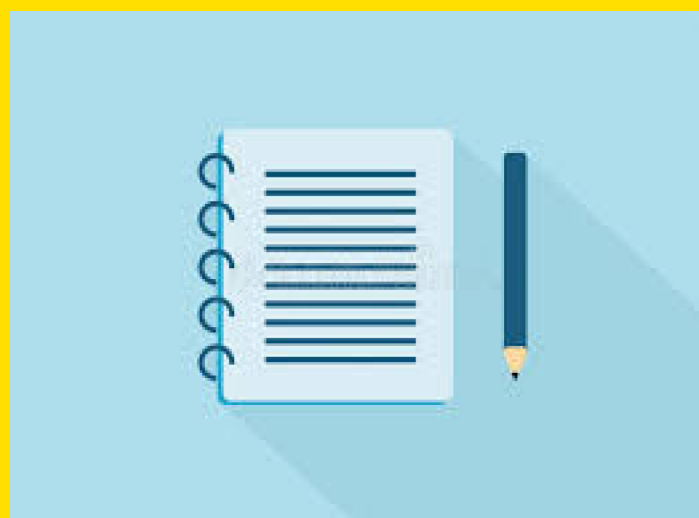

RESPONSIBLE USER EXPECTATIONS

For a more detailed account of the ERC Digital user agreements please see the Home Learning Section on our website.

Set your device up in a quiet area and check the camera is pointing at your face. You can blur or change your background if you wish.

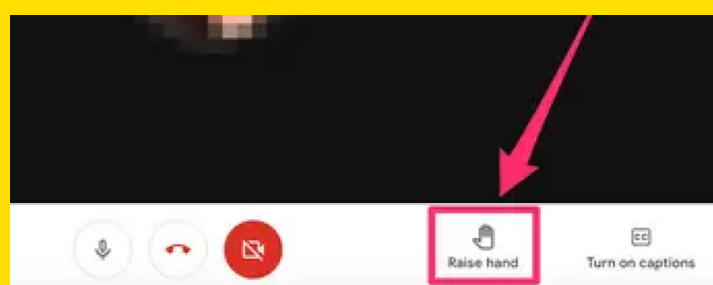

Have a pen and whiteboard/paper to jot down notes.

When you join the meeting put your microphone off (mute)

To ask a question, press the 'Raise Hand' button and wait for the teacher to ask you to speak, then turn your microphone on so we can hear you.

Behaviour should be the same as if you were in your classroom

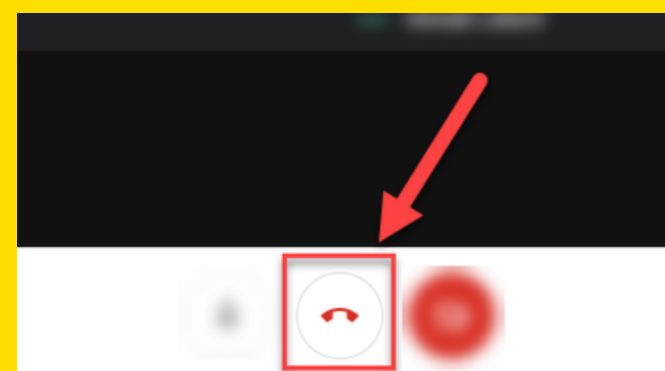

Do not take photos or record the meeting.

Listen carefully to the instructions your teacher is giving you.

When asked to leave the chat, press the 'hang up' icon immediately.

If for any reason, there is no teacher in your chat, you must leave the meeting.

Be your best self!
Always work to the best of your ability
