TO ALL PARENTS

Dear Parents / Carers,

DIGITAL PARENTING MAGAZINE

Please find a copy of the most recent issue of Digital Parenting. This magazine aims to provide parents with the most recent and up to date advice so that parents can help their children develop the life skills and knowledge they need to use the online world safely and with confidence.

We are most grateful to Police Scotland who have issued the school with one magazine per family. It is my hope that parents will find the information in it of use to them as they seek to help their children develop digital resilience.

Parents may also recall that a Health and Wellbeing evening was held in the school in November 2017. Resources which were used that night related to digital parenting and bullying and cyber bullying can be found on the school website www.tolstaschool.com under the tab Resources and the sub menu Anti-Bullying. I hope that parents will find these of use to them also.

Should any parent wish to discuss issues around digital parenting further please do not hesitate to contact me at the school where I would be happy to meet with you.

Leis gach durachd

Kirsteen J. Maclean
