

## Primary 1-4 Class:

- Don't forget the Primary Prizegiving event on Monday 17<sup>th</sup> June in the gymnasium beginning at 2.00pm.
- Our school trip is on Thursday 20<sup>th</sup> June – own clothes essential!

**Sharing:** We have been busy sharing some exciting things again this week!

Look at Penny and Belle in their new glasses! Don't they both look smart? Daniel shared his mix and match lego model book and Cameron brought in his Build-a-Bear plus his certificate to show everyone. Kyle brought in a lovely red glitter ball for sharing, while Belle showed us some peach stones – one of her favourite fruits! Do you think we will be able to grow a fruit tree Belle? Kirsty and Miryam shared some very pretty beads and buttons. Each one has got a little name according to its colour, so we have names like "ocean" and "pearl". Thank you girls – these are lovely.

Kyle brought in a marvellous set of darts to share. He is certainly good at working out his doubles – and even some triples! Finlay brought in his Pokemon book – the Ultimate Guide! Finlay tells us it is one of his current favourites! Belle shared her lovely little doll – dressed in a very sparkly outfit! Thank you, children!

**Class Yoga:** We have all participated in class yoga this week. We have worked on lots of different stretches for working the legs and lower back all beginning from the relaxation position. Michael holds an excellent relaxation position; Kyle also has an excellent child's pose, while Miryam does an excellent forward bend!

Kyle tries down dog; Miryam and Riley work on a spider lunge and Archie holds an excellent tree position.

We worked on plie squats and warrior posture and then listened for instructions at the end of the session. The children did really well and there were reports of some sore thighs afterwards – good! Your muscles have all been working hard!

### **Potato Check:**

We have been out checking our potato crop, which are almost ready for harvesting! Out on potato duty this week were Jasmine, Cameron and Penny. Not long to wait now.....

**Music and Movement:** We were joined by the Sgoil Araich this week for some music and movement based on our oceans. This week we were looking at shell shapes – a long razor shell, a wide clam shell and a tiny spiral shell

We also looked at the way waves behave and worked in groups to try to illustrate the tide. It was quite tricky to achieve!

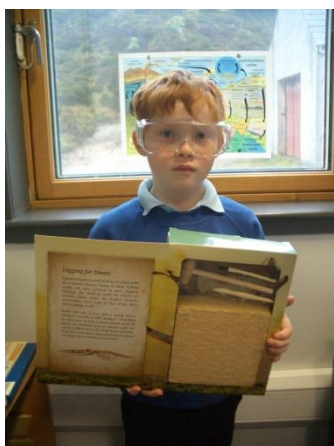

**Happy Birthday, Megan and Archie!**

We all shared a fabulous treat this week as Megan celebrated her birthday! Megan has enjoyed The Snail and the Whale very much this term – and one of her presents was her own copy of this wonderful story! We all got to eat a cupcake each – organised and sent in by Megan's Mum and Granny – so thank you very much for letting us share. We were all delighted!

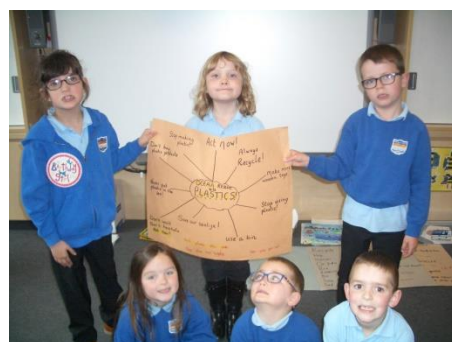

Meanwhile Archie celebrated his birthday by holding a large party at the soft play. Most of the class attended this – so we hope you had a fabulous time! Archie shared a super present with us. He was given a fossil finding kit with quite a number of fossils to find. Archie assured us he would find all of them – once found he is going to clean them carefully. Enjoy your present Archie!

Archie is already wearing his protective goggles!

## Ocean Rescue:

We have been looking at the effects of dumping plastic waste into our oceans and how it affects marine life. The children have been busy making posters on this theme. We have written our own class song, which we hope to record with some of the secondary children in the next week. If it is a success we aim to send our work and our song off to Sky Ocean Rescue. We will keep you posted!

## Skiping:

We managed to fit in a spot of skipping this week. As we have had mixed weather, we went into the gym to work on our skipping technique.

We even encouraged Campbell to show us his skipping technique – and we think he did rather well!

### **Harris Mod:**

Congratulations to Michael (P1), Miryam (P2), Kirsty (P3) and Belle (P2) who all won prizes at the Harris Mod on Friday! Very well done children – we are really proud of you!

Have a great weekend everyone!
