

Primary 1-4 Class:

Welcome to another blog from P1-4. Let's start with some fantastic news!

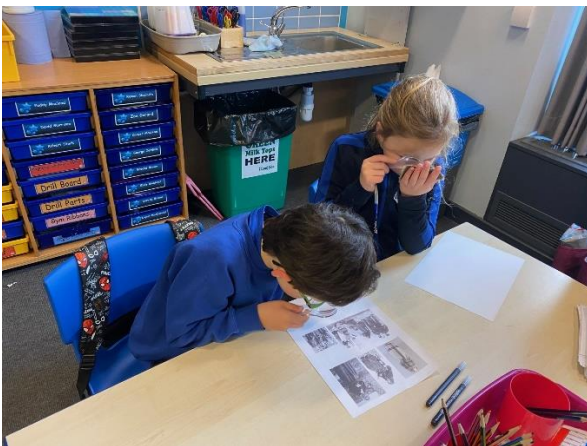

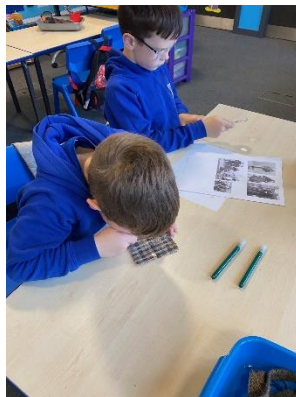

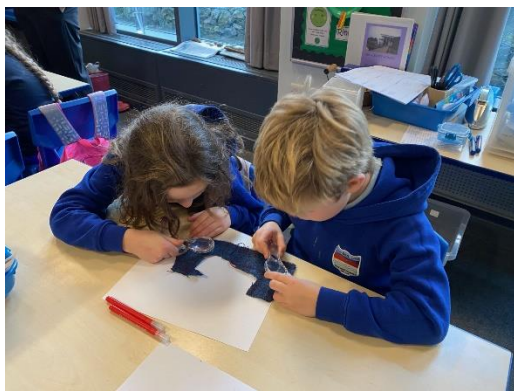

Here's George with a silver award for his 2,3,4,5 and 10 times tables mixed bag!

It's a tricky one but George has got there and his next challenge is the 6x table.

I just know he will achieve that very soon – well done, George!

Weaving:

After our successful trip to The Nest last week, we began thinking about the type of clothes that people here in the islands would wear at that time. We looked at lots of tweed samples with magnifying glasses, before having a go at creating our own weaving samples!

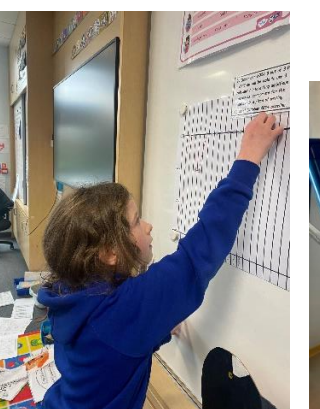

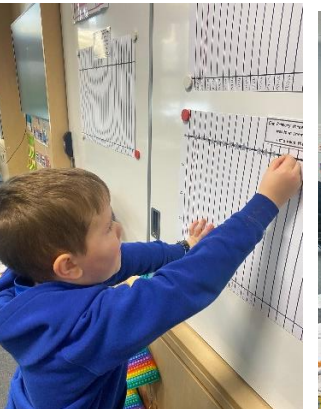

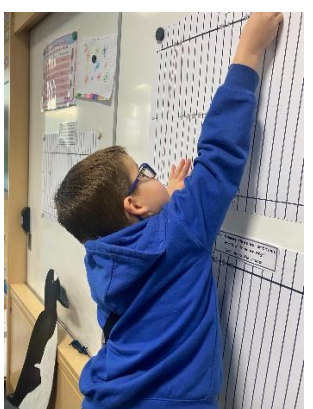

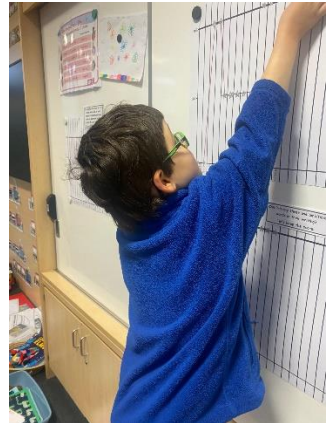

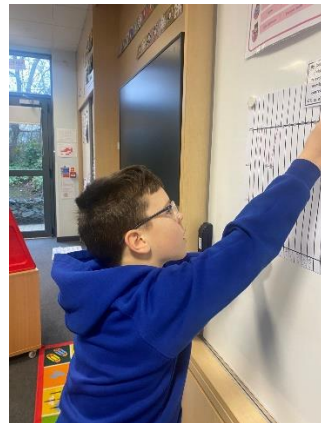

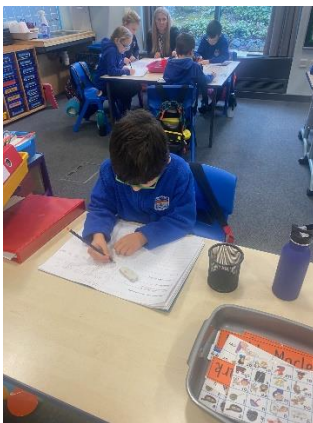

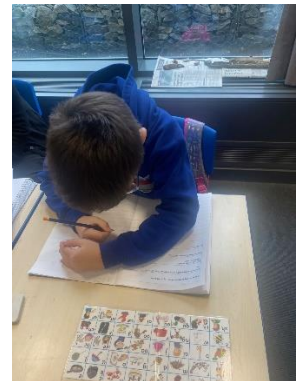

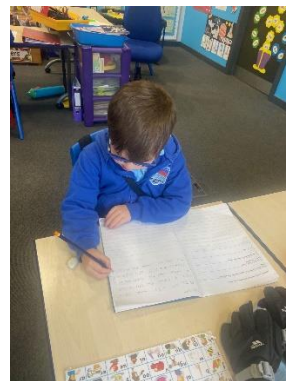

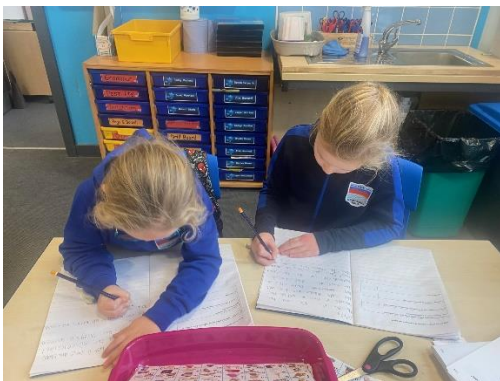

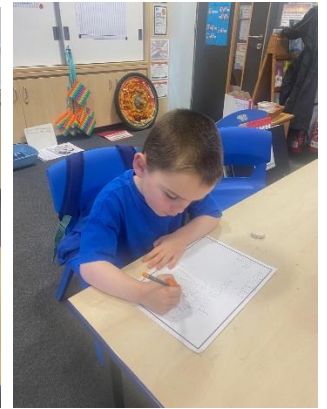

You don't realise how many colours and textures are in a tweed sample until you look really closely...

Our finished weavings are absolutely stunning!
I can't wait to get them all up on display...
Well done everyone!

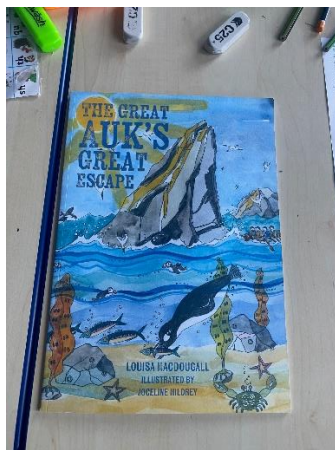

Writing:

Our writing continues! The children continue to work super hard on their ambitious words! It's equally fun keeping track of our group scores on the run charts!

Paddy has been using the magnetic letters... hasn't he been busy?

Book Week Workshop:

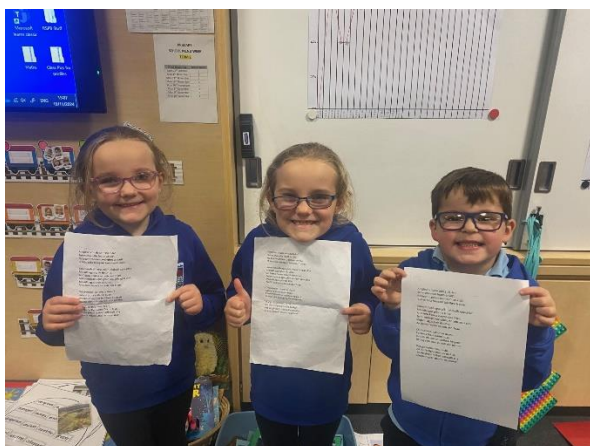

We were delighted to welcome Louisa MacDougall into school to read one of her stories.

I would recommend "The Great Auk's Great Escape" as an excellent read.

Louisa shared her story with us and the children had to act out little parts – oh... and here are some of us with instruments – trying to make the call of The Great Auk!

Christmas Choir:

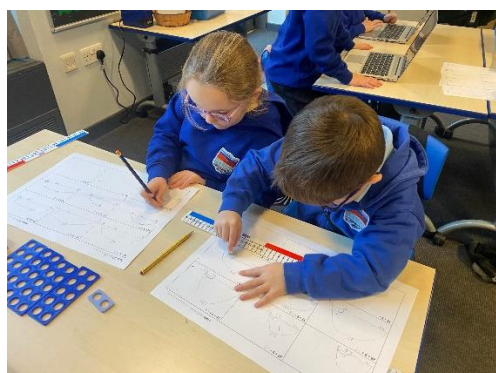

We have three new recruits for the Christmas choir!

Darcey, Brooke and Logan are working hard on their musical skills and I'm delighted they have decided to join up!

Well done – and keep trying!

Maths:

Here we are working on some Maths this week! Darcey, Logan, Brooke and Elsie are busy adding 9 using a blank number line. David is busy calculating one more and two more within twenty! Paddy is busy matching domino spots and also constructing a rocket using the Numicon pieces. Well done, everyone!

In the Tuff Tray:

I took a few snaps of some of the children busy making little creatures in the tuff tray! This was before 9.00am!

...and with the tools....

The children have enjoyed examining the tuff tray and the materials in it!

This week we had our Autumn leaves and the Play-Doh for little hedgehogs... it inspired them to make some models of their own!

Meanwhile Paddy has been inspired with the tools and the drill!

PE:

Our first session this week in the gym! Tag is actually quite tricky when you have to freeze and then dodge on the whistle! Cooper, Robert, David, Brooke, Elsie, Rowan, Logan and George are working hard on their form!

It's also good to skip with a partner. This is where you can work on your jumping skills!

Darcey and Zoe, Brooke and Logan, Cooper and David and George and Rowan! Paddy is turning the rope for Mrs. Mackinnon! Mountain climbers – this can be quite tricky after such a lot of skipping!

Paddy enjoyed racing through us all with his book and his plane! We are spinning ropes so our partner can jump over it!

It's quite exhausting work!

This Week's Weather!

What a change in the weather this week! The children have really wanted to be outside – in spite of freezing temperatures! Let's finish our blog with a look at Paddy enjoying the weather!

It's a shorter one this week!

Have a great long weekend everyone!
