

# DIARY \*

3/11/25 2025

Hi i'm Lily Olivia Spruence. I am going to tell you about my life as a farmer.

I was busy marking my jotters for the class when a very polite woman came in without even knocking. She said she was from Springfield which was not hard to guess because of how she acted. I offered her a coffee, but she wanted a tea with 3 sugars. When I came back in the room with her tea she started to explain why she was here but I wasn't listening because I kept on looking at her fox skin scarf. When she was finished she told me her name which is Heather then started an interview. She was very nosy, she asked me who I disliked the most. I didn't want her to know my personal stuff so I lied. I said it was the Adams family but now that I think about they are quite annoying. As soon as she was finished she asked where her biscuit was and I personally thought that was rood so I said she was never asked to come in my house and has been rood since she came in. (which is true)

A good start to your character diary.

She wasn't in a good mood, she stormed out of my house and slammed the door. I thought that was it no one else would come. So I went back to marking about half way through I heard a knock on the door. I thought it was one of my sisters so I said go away but then the knock went again so I got up and opened the door. It was a very odd looking woman, she was a blue woman with blue glasses.
