

DIGITAL APPROACH TO MODERATION IN THE BGE

A step by step guide

IDENTIFY A GROUP

Identify practitioners that will take part. You can [download examples](#) of this from the Moderation Hub on Glow.

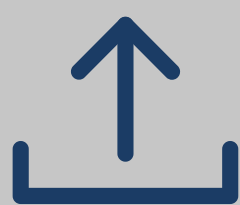

SET UP AN ONLINE SPACE

Watch the [video on the Education Scotland YouTube channel](#) to see how to set up the online space.

CHOOSE A MODERATION FOCUS

Moderation activities may focus on any stage of the learning, teaching and assessment (moderation) cycle. You can [download a suggested template](#) from the Moderation Hub on Glow.

UPLOAD MATERIAL

Work through the sections of the template to provide context and upload materials. [Watch the video on the Education Scotland YouTube channel](#) to see how to upload material.

COLLABORATE

Moderation should be ongoing before, during and after the planning of learning, teaching and assessment.

Dialogue throughout the moderation process can take place online which will allow practitioners to collaborate and review each stage.
