## EPS performance statistics 2020-24

## Introduction

Summative performance statistics for the Educational Psychology Service of Falkirk Council August 2024.

Nick Balchin

Table 1 – involvement – children compared to staffing (full time equivalent)

| By 1 <sup>st</sup> August of | Total children   | funded additionality (project) | Census Total |
|------------------------------|------------------|--------------------------------|--------------|
| 2019-2020                    | 558 <sup>1</sup> | 0.5                            | 7.8          |
| 2020-2021                    | 750 <sup>2</sup> | 0.5                            | 8.9          |
| 2021-2022                    | 750 <sup>3</sup> | 1.6                            | 8.2          |
| 2022-2023                    | 851 <sup>4</sup> | 1.6                            | 9.2          |
| 2023-2024                    | 963 <sup>5</sup> | 1.8                            | 9.3          |

School support staff statistics - gov.scot (www.gov.scot) 14th September census date

Table 2 – Reason for involvement

| Reason for EPS involvement                           | 2021-22 <sup>6</sup> | 2022-23 <sup>7</sup> | 2023-24 <sup>8</sup> |
|--|----------------------|----------------------|----------------------|
| Critical Incident                                    | >1%                  | 1.2%                 | 1.7%                 |
| High Risk of Education Placement Breakdown           | N/A                  | 12.1%                | 11%                  |
| Significant Adaptations Required for Current Package | 32%                  | 21.2%                | 27.6%                |
| Assessment and Advice Regarding Specialist Placement |                      | 23.7%                | 20.4%                |
| Significant ASN and Advice                           | 59%                  | 59.4%                | 68.1%                |
| Exploratory Assessment                               |                      | 20.8%                | 17.5%                |
| Monitoring out of authority placements               | 1.7%                 | 1.6%                 | 3.3%                 |
| Statutory Request (parent or ASN)                    | 1.7%                 | 3.3%                 | 2.3%                 |
| Other  | 5.3%                 | 7.5%                 | 4.5%                 |

Table 3 – barrier to learning reason<sup>9</sup>

| Reason for ASN                           | 2020-21 | 2021-22 | 2022-23 | 2023-4 |
|--|---------|---------|---------|--------|
| SEBN                                     |         | 22%     | 25%     | 26%    |
| where SEBN as primary and secondary –    | 45%     | 38%     | 43%     | 42%    |
| ASD                                      |         | 22%     | 23%     | 28%    |
| and where ASD as primary and secondary – | 43%     | 29%     | 33%     | 37%    |
| Language or Speech Disorder              |         | 8%      | 8%      | 8%     |
| non-attendance                           |         | 6%      | 4 %     | 7%     |
| communication needs                      |         | 6%      | 5%      | 2%     |
| mental health                            | 12%     | 5%      | 4 %     | 3%     |
| complex needs                            |         | 4%      | 2%      | 3%     |

<sup>&</sup>lt;sup>1</sup> Affected by maternity leave and vacancy management. Actual in work staff for year = 7.4fte. Affected by Covid and school closure. Work focused on existing cases for several months.

<sup>&</sup>lt;sup>2</sup> Vacancy management to August to December of 0.5 fte

<sup>&</sup>lt;sup>3</sup> Vacancy management from January of 0.6fte

<sup>&</sup>lt;sup>4</sup> Full staff mid-September

<sup>&</sup>lt;sup>5</sup> Full staffing all year

<sup>&</sup>lt;sup>6</sup> Recording system modified – best comparison by judgement,

<sup>&</sup>lt;sup>7</sup> 50% of children had re-involvement or more than one reason

<sup>8 56%</sup> of children had re-involvement or more than one reason

<sup>&</sup>lt;sup>9</sup> This table indicates main barriers. For some reasons are not the main barrier but high frequency as a barrier co-morbid with other reasons such as social skills (38%) or family issues (19%)

| learning disability        |     | 4% | 4% | 4%   |
|----------------------------|-----|----|----|------|
| other learning difficulty  |     | 4% | 4% | 4%   |
| Looked after/Family        | 20% |    |    | 3.1% |
| Violence/risk of exclusion | 9%  |    |    | 0.5% |

Table 4 - 2023-24 Reasons for Additional Support Needs in Full.

| ASN reason                                   | Main barrier | Additional | Combined |
|--|--------------|------------|----------|
| Learning disability                          | 3.9%         | 2.2%       | 6.0%     |
| Dyslexia                                     | 0.2%         | 1.4%       | 1.7%     |
| Other specific learning difficulty           | 0.5%         | 1.2%       | 1.7%     |
| Other moderate learning difficulty           | 3.1%         | 4.2%       | 7.4%     |
| Visual impairment                            | 0.3%         | 0.7%       | 1.1%     |

## Training and Development Work

Table 5 and 6 indicate training events. In this data no distinction is made between in person and live online events. Some courses use both modes, and may even use complimentary online self-directed learning modules.

Table 5 - Training events (in Plan)

| Year   | Training sessions | delegates |
|--------|-------------------|-----------|
| 2021/2 | 9                 | 137       |
| 2022/3 | 6                 | 225       |
| 2023/4 | 16                | 474       |
| Total  | 31                | 836       |

Table 6 - On request training events (not in plan)

| Year   | Training sessions | delegates |
|--------|-------------------|-----------|
| 2021/2 | 20                | 436       |
| 2022/3 | 34                | 591       |
| 2023/4 | 45                | 1031      |
| Total  | 99                | 2058      |

Table 7 - Online self-directed learning modules developed since 2020:

| Course title  | Year    |
|---|---------|
| GIRFEC overview   | 2022    |
| 1) <u>audio PowerPoint</u> ,  |         |
| 2) a draft copy of Falkirk's Child and Young Person's Integrated Assessment and Plan  |         |
| 3) <u>useful links</u> .  |         |
| <u>Understanding Behaviour</u> .  | 2020    |
| Introduction to Getting it Right for Children and young people who Experience Anxiety | 2021    |
| Low Arousal Approach and The Star Analysis online version                             | 2021    |
| Social Stories and Comic Strip  | 2021    |
| Calm Kit Resource   | 2020    |
| Blether Board   | 2020    |
| Incredible Five Point scale   | 2021    |
| <u>Fix it Folder</u>  | 2021    |
| Anxiety Toolkit (9 modules + resources)   | 2021-23 |

## **Financial Performance**

The EPS budget was £921,310. There was a £21,321 underspend and income from grants accounted for £141,250 (1.6 fte psychologists). Total spend was £899,989.

Falkirk EPS staffing accounts for the majority of the budget, 81%.

Falkirk is an extremely lean service with staffing levels, placing us at 27<sup>th</sup> of 32 local authorities using psychologist ratio to 0-19 population (April 2024). In July 2024 our staff level has been reduced by 0.6fte, placing us at 30<sup>th</sup> of 32 local authorities, each of whom had vacancy (5% Edinburgh, 30% Dumfries and Galloway). [1:4249, Scotland average is 1:3192] (see <u>Staffing Ratios and Support Data (aspep.org.uk)</u>)

Falkirk has an exceptionally lean management structure with one manager for the service at a ratio of 13.3%. This is 31<sup>st</sup> of 32 local authorities. Falkirk is 32<sup>nd</sup> of all local authorities for

managers in psychological services to population (1:33564, average is 1:16117). (April 2024, Staffing Ratios and Support Data (aspep.org.uk))
