

## PRACTITIONER PAGES – ONLINE RESOURCE TO SUPPORT PRACTICE IN PUBLIC PROTECTION

### What are the Practitioner Pages?

For many years the practitioners pages have been used by partners across Forth Valley to support improving outcomes for children, adults and their families. The pages have recently been updated and are intended to be a one stop shop to support staff with information on:

- local and national frameworks and tools, including policies and guidelines
- how to make referrals to local services
- local learning and development calendars and links to national training
- links to relevant resources and learning on external websites
- A-Z Resources

The pages will support the practice of all staff working with children and adults across Clackmannanshire, Falkirk and Stirling.
