

Falkirk Agreement

Falkirk, 18 September 2024

Representatives from Braes High School, Falkirk High School, Carrongrange High School, Bo'ness Academy, Larbert High School, Graeme High School and Windsor Park School in attendance.

ARTICLE 1

The participating parties have agreed on the following goals and targets with regards to building sustainable communities throughout Falkirk:

- (a) More accessible recycling
- (b) Opportunities to grow our own food and buy locally
- (c) Accessible public transport
- (d) Organised litter picks on a regular basis

ARTICLE 2

The participating parties have agreed on the following goals and targets with regards to supporting sustainable development and strengthening the national response to climate change:

- (a) Invest in renewable energy like wind power
- (b) Protect ecosystems and species from the impact of climate change

- (c) Reduce the use of single use plastic packaging

ARTICLE 3

The participating parties have agreed on the following goals and targets with regards to supporting sustainable development and strengthening the global response to climate change:

- (a) Help support more young people in training for sustainable jobs
- (b) Support biodiversity around the world by protecting places like the Amazon rainforest
- (c) Tax big polluters
- (d) Create a climate fund to help support people around the world
- (e) Prioritise sustainable fuel alternatives such as biomass

IN WITNESS WHEREOF, the undersigned, as chosen representatives from each institution, have signed this Agreement.
