

Think Innovation is a partnership programme of activity, which aims to nurture creativity, innovation and enterprise in Fife and is taking place from October 2012 to November 2013. The programme is providing support to emerging creative talent and developing an environment where innovation and success in cultural enterprise is possible.

## THINK INNOVATION WEEK DIARY

Fife Cultural Trust and the Think Innovation partners are delighted to launch the very first 'Think Innovation Week' for Fife.

This week-long series of events is aimed at children, young people, parents and communities to profile creative & cultural industries; with a focus on study, career opportunities and pathways.

We are confident that the week long programme will help to demystify the creative and cultural industries and showcase the opportunities available within the sector. We have highlighted each event in a diary format, so please have a look through the diary and book up for any activities that interest you.

If you would like further information on Think Innovation, please contact The Cultural Partnerships team on 01592 583255 or email [cultural.partnerships@fife.gov.uk](mailto:cultural.partnerships@fife.gov.uk)

#### **Flick the Switch** – Digital Media Fife

Take your first steps into Video with your DSLR . This one day taster course introduces you to the concept of making a short film with your Digital SLR. It talks about the main differences in still and moving images and encourages you to experiment with the video switch on your camera. The course will cover some technical aspects such as frame rates, lighting and simple in camera effects to make your videos stand out from the crowd. Due to time constraints it will not cover editing as this is such a large field although editing software applications will be touched upon. The course is designed to be fun and if you're not a professional photographer don't worry. I was just like you once. All you need is an appetite for learning a new skill.

*Suitable for members of the community, young people and professionals. Please note anyone under the age of 16 must be accompanied by a responsible adult. Participants should bring a DSLR camera with digital capability and a laptop computer if possible. No cameras or laptops can be supplied.*

**VENUE** – Create at Cloud, 16 New Row, Dunfermline, KY12 7DZ
