

## Child Protection in my school

### Keeping us safe is everyone's responsibility

- Adults in my school help to keep everyone safe
- I can talk to adults in my school about something that worries me or if I don't feel safe
- The adults will share this with our child protection officer to think of the best way to help me
- The child protection coordinator might need to share my worries with other people to make sure everyone works together to keep me safe
- Adults will keep checking in with me to make sure I am safe and happy

My school's Child Protection Coordinators are:

**Lindsey Manton**

**Sharon Easton**

If I feel worried or unsafe at any time I can speak to any of the adults in my school

If I feel like I am in IMMEDIATE danger then I can call Police Scotland on **999**
