

Pupil Leadership in Anstruther Primary School

We have refreshed our structure of pupil leadership in our school to ensure all children and staff have the opportunity to lead positive changes and improvements throughout the school.

Our groups have been formed by considering lots of things such as parent feedback, our school improvement plan, staff and children's views. We held a leadership launch at the beginning of Term 1 to promote each leadership group and to make sure the children understood the purpose of each area of improvement. All children then completed a survey to opt in to their preferred leadership group based on their own interests, knowledge and skills. Adults throughout the school did the same and this information has helped us to form the following pupil leadership groups for both the early years and upper school:

- **Eco Committee**
- **Anti-Bullying Group**
- **Sports Leaders**
- **Health Promoting Group**
- **Digital Guru's**
- **Right Respecting Group**
- **Librarians**
- **Tidy Team**
- **Peer Mediators**
- **Playground Pals**

Our leadership groups are now up and running. Each group has had an initial meeting, created an action plan together and will continue to meet each month to plan, implement and review the targets they have agreed on. We can't wait to see how each group develops over the coming months and we will share updates of the work going on. Look out on seesaw and our school website for updates!

We are very grateful to our parent council who have recently successfully secured a grant of £1500 to help to develop our outdoor spaces. Our Eco Committee are very keen to help put this money to good use by purchasing some planters and planting equipment. A fantastic support to our eco committee, thank you parent council! 😊

We are also keen to continue strengthening our partnerships with parents and carers, if you have knowledge, skills or resources that you think you could contribute, please get in touch as we would love to hear from you!

TEAMWORK
makes the dream work...
