

# Parental Feedback 2023

As part of our improvement work we asked parents for feedback which is used to create our annual school improvement plan.

## How many people responded?

**65** parents of our 306 pupils responded.

We will continue to build on these positive areas:

- ✓ 86% said your child likes school or sometimes likes school
- ✓ 86% said your child is treated fairly and with respect or sometimes do
- ✓ 80% of you feel comfortable to approach the school team if there is a query
- ✓ 94% are informed of the work of the parent council
- ✓ 82% think that children have opportunities to learn through digital technology

This is how we plan to make improvements based on the information 65 parents shared with us.

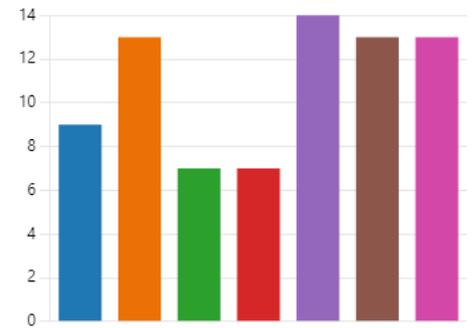

65 parents said:	How we will make improvements now.	How we will make improvements over time.
72% (47/65 parents) thought your child has varied curriculum	We introduced new planning.	We will share curriculum with you on SeeSaw and via parent engagement.
75% (49/65 parents) thought your child is challenged in their learning or sometimes is	Our teachers will use new Fife guidance that helps them to pitch their teaching to the right level.	We will continue to seek the views of our children and share this with the team to develop challenge and pace.
76% (49/65 parents) said your child is always or sometimes supported in their learning	We are working across our team (Teachers, PSAs, Learning Support, Senior Leadership Team) to personalise support through using Fife & National Guidance. We are ensuring those who require it have additional planning to help their learning.	Our planning and transition programme will be in place to support pitching at a good level.
