Reading allows children to understand various emotions. This supports their emotional and social development since they learn to associate their feelings with words and find a way to express themselves better.

Early reading ignites creativity, sparks curiosity and stimulates the imagination in young children.

Nothing does more to encourage natural curiosity and enhance a child's view of the world than stories and books.

The lending library at Fergus Place is open to all children, parents and carers every **Thursday - am and pm.** You are very welcome to visit the library with your child at drop off or pick up times.

Relax and spend quality time reading with your child and then choose a book to borrow for enjoyment at home.

Using the library couldn't be easier. Choose your book then fill in your child's card with the date and title of the book. Remember to fill in the card with the date you return the book.

Some of the benefits of reading with your child are: -

- **comfort and reassurance**
- **confidence and security**
- **relaxation**
- **happiness and fun.**

Giving a child your time and full attention when reading them a story tells them that they matter. It builds self-esteem, supports development of communication, feeds their imagination and can even improve their sleeping patterns.
