Find out 5 amazing/surprising facts about it and present your findings in any way you like.

Mathematics

Begin topic : Ratio and Proportion

Miss Bowie's class

Money (see individual emails):

Gather a collection of coins. These could be real, plastic or you could make your own from paper or card.

Next, find 2 dice (or, again, make your own by experimenting with nets!).

Now you are ready to play the 'dice game'. Throw the dice, add the 2 numbers together and then take that amount of money in coins from the stash. The first player to reach £1.00 is the winner!
