- **PHOTO PERMISSIONS—URGENT:** New rules around the wording of the annual permission form have changed with regards to photos. These must now be completed annually even if there is no change. 50% of families have not completed this form. This will mean we will be unable to provide SeeSaw or Sway updates including class photographs as it would be too difficult to remove 50% of pupils or ensure they are not in photos. Our administration team are sending paper copies out in bags today for those who have not completed the form. It is also attached to this email in digital format. Please support us with this.

Have a fantastic weekend everyone!
