Messages

- **P.E. & Outdoor Education Days:** This information is on the Learning Letter for each class but also here as an easy reminder (maybe for the fridge) especially for those with siblings in different classes. Please note this is the main time for each of these sessions. There are other times in the week the children will 'Run the Mile' or go to the sensory garden. Please see separate information attached to this email with regards 'Uniform and Kit Expectations.'

Class	P.E.	Outdoor

Toys/Personal Belongings in School: We strongly recommend that children do not bring personal items e.g. keyrings/cuddly toys to school as this creates unnecessary conflict within classes. E.g. P4 were 'swapping/lending/giving' keyrings to each other this week. Children 'swap' these items and then change their minds resulting in falling outs and confusion which takes away from learning time. Additionally, we are not responsible for any high value items e.g. mobile telephones which are brought into school.

• **SeeSaw:** This system will be replaced at some point in the year with a communication tool called Showbie. For the moment N-P4 and PEP will continue to use it. Please remember this is for general communication with Class Teachers only; any message about absence or concern about your individual child should be directed to the office. Please also note that usual business hours apply to SeeSaw and that messages out-with 08:00—18:00 are not answered until the beginning of the next day.

Have a fantastic week everyone! Thank you for coming to the picnic today and enjoying the sun with us!
