

SPECIFIC DIETARY REQUIREMENTS V6

It is Fife Council’s Policy to provide school meals for all pupils attending school.

If a pupil requires a specific diet including life choices, cultural or religious reasons we would request that the parent/ guardian meets with our catering team to discuss options. If this is not possible, the parent/ guardian should ensure appropriate choices are selected when completing the lunch order.

- Please ensure if you require any adjustments to menu for your child then **a meeting must be requested.**
- Any areas of the form not completed will result in the form being returned therefore causing a delay in processing.
