

Craigrothie Primary School

Child Protection, Safeguarding and Wellbeing Policy

This policy applies to all staff and volunteers.

Within our school/nursery we aim to create an environment in which all pupils are safe and feel safe in school/nursery. There is a strong, robust and proactive response from adults that reduces the risk of harm to children. Adults working with them know and understand the indicators that may suggest that a child/young person is suffering or is at risk of suffering harm. (Ref: *How good is our school 4th Edition*)

We are committed to practice in a way that protects all children and young people and fully adhere to the processes and procedures contained within Fife's Inter-Agency Child Protection Guidance 2016

Fife Key Child Protection Principles

Fife Child Protection Committee's 'Six for Safety' promotes best practice when working with children and families. Developed from analysis and learning from Significant Case Reviews, these are day-to-day ways of working to support and protect children and young people and support improved decision making.

- 1. Child at the Centre** – The needs of children and young people are at the centre of all practice.
- 2. Relationships** – Ensuring that all relationships with children, parents/carers are effective, constructive and are central to improving wellbeing and minimising risk of harm.
- 3. Quality Assessment and Planning** – All assessments and plans are accurate and effective by achieving outcomes in meeting needs and minimising risk of harm. All available resources and tools are used to best effect.
- 4. Information Exchange and Communication** – Relevant information is shared appropriately, clear lines of responsibility for action are understood across partners and communication is effective in minimising potential risks.
- 5. Early Intervention** – Early and effective intervention is achieved where possible, minimising risk of harm to children and young people.
- 6. Professional Support and Oversight** – A culture of effective management support and/or supervision is embedded which embodies the values and principles of Fife Child Protection Committee.

We recognise that:

- The welfare of the child is paramount, as enshrined in The Children (Scotland) Act 1995.
- All children, regardless of age, disability, gender, racial heritage, religious belief, sexual orientation or identity, have a right to equal protection from all types of harm and abuse.
- Some children are additionally vulnerable because of the impact of previous experiences, their level of dependency, communication needs or other issues.
- Working in partnership with children, young people, their parents, carers and other agencies is essential in promoting young people's welfare and wellbeing.

We will seek to keep children and young people safe by:

- Valuing them, listening to and respecting them.
- Appointing a Child Protection Co-ordinator for Child Protection for the school and also a Depute Child Protection Coordinator.
- Adopting the processes and procedures contained within Fife's Inter-Agency Child Protection Guidance.
- Developing and implementing an effective e-safety policy and related procedures.
- Providing effective management for staff and volunteers through training, support and quality assurance measures.
- Recruiting staff and volunteers safely, ensuring all necessary checks are made.
- Recording and storing information professionally and securely.
- Using our procedures to share concerns and relevant information with agency's who need to know, and involving children, young people, parents, families and carers appropriately.
- Using our procedures to manage any allegations against staff and volunteers appropriately.
- Creating and maintaining an anti-bullying environment and ensuring that we have a policy and procedure to help us deal effectively with any bullying that does arise.
- Ensuring that we have effective complaints and whistle blowing measures in place
- Ensuring that we provide a safe physical environment for our children, young people, staff and volunteers, by applying health and safety measures in accordance with the law and regulatory guidance.
- Sharing information about safeguarding and good practice with children, their families, staff and volunteers via leaflets, posters, one to one discussions.
