

Making Collaborative Kahoots on MS Teams

You can have your class create a Kahoot as revision for a topic or as a bit of fun for end of term. By sharing a file as shown before you can do this through teams!

- Google 'Kahoot Excel Template' and download a copy. Post it into your class' MS team. I edit my copy to make it easier for pupils to follow.
- When carrying out this task, make sure the pupils have a very clear idea of what they have to do.

e.g. "Write three revision questions on topic X and include four answers for each question. Make sure only one answer is correct!

• I will often give a pupil a specific number/s to make sure no-one overwrites someone else's row.

Question - max 95 characters	Answer 1 - max 60 characters -	Answer 2 - max 60 characters	Answer 3 - max 60 character	Answer 4 - max 60 characters	Time Limit	•	lorrect Inswer	0
What are metamorphic rocks made from	laneous	Sedimentary	Igneous and Sedimentary	plate	-	20		1
What do Igneous rocks form from	Molten rock	Metamorphic rock	Sedimentary suck	Metamorphic and Sedimentary rock		201		1
how many types of sedimentary rock is there			3		z	20 7	<u>i</u>	
What are the layers in sedimentary rock called?	Strata	Dacites	Pegmatikes	Gabbras	-8	201	S	
Which of these is not metamorphic?	Granulite	Quartzite	Mudstone	Marble	1	203
