

How to activate translated subtitles on YouTube

How to activate translated subtitles on YouTube

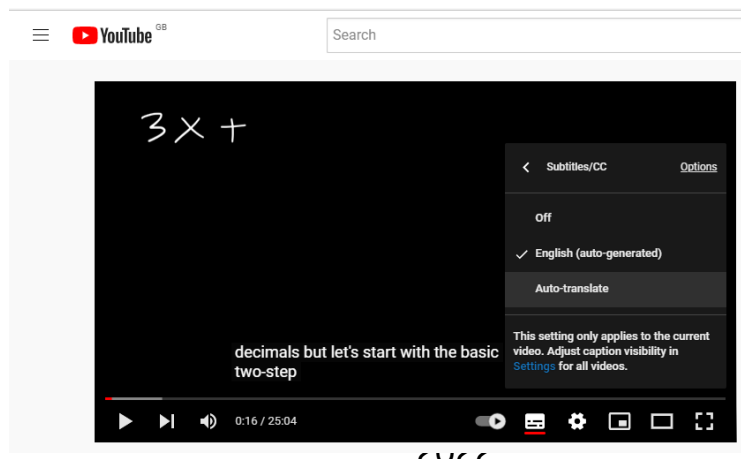

1. Open YouTube and choose the video you want to watch.
2. At the bottom of the display screen locate the subtitles icon and click on it to initiate the text.

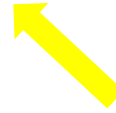

3. Click on the settings icon and choose Subtitles menu

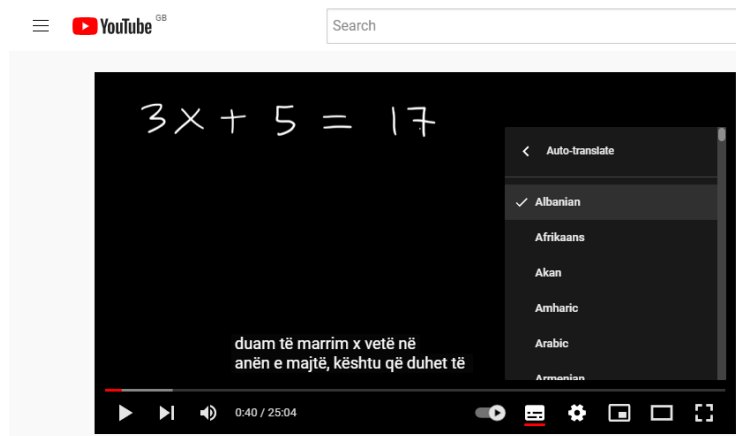

4. From the pop-up menu pick Auto-translate.

5. Select the language you want the subtitles to be displayed in.

The subtitles for the video will now be displayed in the chosen language.
